**GOLDEN CLIMBER (Mrs. Arthur Curtiss James 'U. S. Plant Patent No. 28**

A true climber with rich golden blossoms of the Hybrid Tea type, which hold their color. These blooms are usually produced singly on stems frequently twenty-four inches long. As a cut flower it has no equal. The pointed buds of rich gold are flecked with dashes of orange-scarlet. The China Tea fragrance of Golden Climber is a delicate refinement.

Golden Climber is a hardy, vigorous grower that establishes itself readily and is well' withstand sub-zero temperatures. It blooms through an exceptionally long period. \$2.00

There are many varieties and colors, from white to very dark pink

JUNIPERUS CH. PFITZERIANA—*Pfitzer's Juniper*
A most valuable evergreen. It will thrive under very unfavorable conditions, growing well in full sun as well as shade. The foliage is a bluish green and its habit is spreading. One of the best foundation evergreens.

Coniferous and Broad Leaved Evergreens Provide Color in Summer and i

Daphne cneorum

Garland Flower

Probably no one plant has grown in popularity more rapidly than this little evergreen shrub. It blooms profusely in May and June, and frequently thereafter during the later months, in fact, the flowers often come as late as December and are not harmed by early frosts.

Taxus cuspidata capitata

Considered the most beautiful of the Yews for almost every type of planting, where an erect spreading tree is desired. It tolerates shade and holds its rich dark green color well throughout the winter. They produce many red berries in the fall.

Thuja occidentalis rosenthali

One of the best of the pyramid type. It makes a compact, broad, symmetrical pyramid and is very useful for formal plantings and specimens. The foliage, which is a lustrous, dark green, retains its color throughout the entire winter.

Rhododendrons

We specialize in Rhododendrons. Varieties Catawbiense, Catawbiense compacta, Carolinianum, Maximum and many varieties of hybrids.

TAXUS CUSPIDATA CAPITATA
Upright Yew

DAPHNE CNEORUM—*Garland Flower*

**EUONYMUS
ALATUS
COMPACTA**

*Winged Euonymus, Showing
Gorgeous Fall Coloring*

A very choice dwarf, compact shrub which is unquestionably one of the best deciduous shrubs for growing in the shade. For a low, wide hedge this plant has no equal.

VIBURNUM CARLESI *May-Flowering Viburnum*
Resembling its namesake, the Mayflower, in fragrance and blossom, this shrub is a favorite wherever it is planted. The flowers appear with the leaves in early May.

HYBRID FRENCH LILACS

These beautiful Lilacs are adapted to large or small lawns. They require very little care and attention and can be depended upon each year for a profusion of colorful, fragrant panicles of bloom.

Greens in Winter

**THUJA OCCIDENTALIS
ROSENTHALII**
Rosenthal Arborvitae

OCTOBER GIRL

This most prolific flowering variety is of vigorous and branchy habit. The flowers are single or semi-double, fully 2 inches across, pink on opening, becoming shaded with lavender when fully opened. In full flower by Oct. 1.

Azalea calendulacea (lutea)

Flame Azalea

The gayest and most brilliant of the Azaleas, with flowers of orange-yellow or flame-red, which appear before the leaves.

VIOLA, Imperial Blue

FLOWERS ARE LARGER AND DEEPER BLUE THAN JERSEY GEM, WITH LONGER STEMS.

**AZALEA
CALENDULACEA**
Flame Azalea
